Proposal for a

COUNCIL DECISION

on the conclusion of an agreement between the European Union and the French Republic concerning the application to the collectivity of Saint-Barthélemy of Union legislation on the taxation of savings and administrative cooperation in the field of taxation

EXPLANATORY MEMORANDUM

1. BACKGROUND TO THE PROPOSAL

Under European Council Decision 2010/718/EU of 29 October 2010 the territorial collectivity of Saint-Barthélemy ceased to be an outermost region of the Union and gained the status of overseas country or territory on 1 January 2012.

Decision 2010/718/EU noted that France had undertaken to conclude the agreements necessary to ensure that the interests of the Union were preserved when the change took place.

To further progress on such agreements, a Council decision of 20 October 2011, which was sent to the European Commission on 24 October 2011, authorised the Commission to negotiate the terms. Specifically, the authorisation concerned an agreement between the French Republic, acting for Saint-Barthélemy, and the Union that provided, for that territory, for the application of Union legislation on the taxation of savings and administrative cooperation in the field of taxation

The negotiating directives annexed to the Council's decision laid down, in particular, that:

- the objective was to conclude an agreement providing for the application to Saint-Barthélemy of the mechanisms of Council Directive 77/799/EEC and Council Directive 2011/16/EU of 15 February 2011 on administrative cooperation in the field of taxation and of Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income. To do this, further legislative developments in these areas should be taken into account so that the arrangements applicable to Saint-Barthélemy would be equivalent to those applicable in mainland France;
- the agreement had to cover the arrangements provided for in the Directives referred to above. On the question of taxation of savings, it had to cover interest payments, as defined in Article 6 of Council Directive 2003/48/EC and any amendments, made by paying agents established in Saint-Barthélemy to beneficial owners resident in the EU;
- the agreement was to be concluded for an indefinite period of time.

2. RESULTS OF CONSULTATIONS WITH THE INTERESTED PARTIES

Acting on this authorisation, the European Commission drew up a draft agreement, on which negotiations were conducted with France in 2012 and early 2013.

The draft agreement was also discussed in the EU Council's Working Party on Tax Questions and no Member State entered any reservation.

3. LEGAL ELEMENTS OF THE PROPOSAL

The legal basis for this proposal is provided by Articles 113 and 115 of the Treaty on the Functioning of the European Union, in conjunction with Article 218(6)(b) and (8), second subparagraph. The substantive legal basis is provided by Articles 113 and 115 TFEU. In fact, the measure is designed to extend the mechanisms of Directives 2011/16/EU and 2003/48/EC, which are based on these two articles - to relations between the Member States and Saint-Barthélemy.

According to **Article 1** of the agreement, its purpose is to ensure the application to Saint-Barthélemy of the tax provisions of:

- Council Directive 2011/16/EU, which repealed Directive 77/799/EEC from 1 January 2013,
- Council Directive 2003/48/EC,
- and any related acts.

The provisions of **Article 1(3)** and **Article 2** render the agreement dynamic. It covers not only future amendments to the two Directives but also any current or future delegated and implementing acts¹. This is needed to ensure identical treatment at all times in situations within the European Union and between the Member States and Saint-Barthélemy.

Article 3 provides that the competent authorities are central liaison offices, liaison departments and competent officials so as to ensure consistency with any national measures transposing Council Directives 2011/16/EU and 2003/48/EC which have been taken, or will be taken, by the Member States.

Statistics and information concerning the application of the agreement to the collectivity of Saint-Barthélemy will be submitted to the Commission by the French Republic (**Article 4**).

Provision is made for the settlement of disputes as follows:

- a mutual agreement procedure between the competent authorities of only the Member States concerned where implementation or interpretation of the agreement leads to problems or raises issues between these competent authorities (**Article 5**). The European Commission will be informed of the results of this conciliation procedure, after which it must inform the other Member States. Where there are issues of interpretation, the European Commission may take part in consultations at the request of any of the competent authorities;
- in the event of a dispute between the parties on the interpretation or application of the agreement, they must meet with the Commission before any referral to the Court of Justice (**Article 6**). The Court has sole jurisdiction to judge such disputes.

The formalities for the agreement's entry into force are set out in **Article 7**.

In keeping with the negotiating directives, **Article 8** provides that the agreement is concluded for an indefinite period, offering the parties the possibility of termination through diplomatic channels.

¹ This does not prejudice in any way the position of the Member States in the Council when deciding whether delegated or implementing powers should be conferred on the Commission.
